Grateful · deep navy & harvest (rust, goldenrod, moss, cranberry)

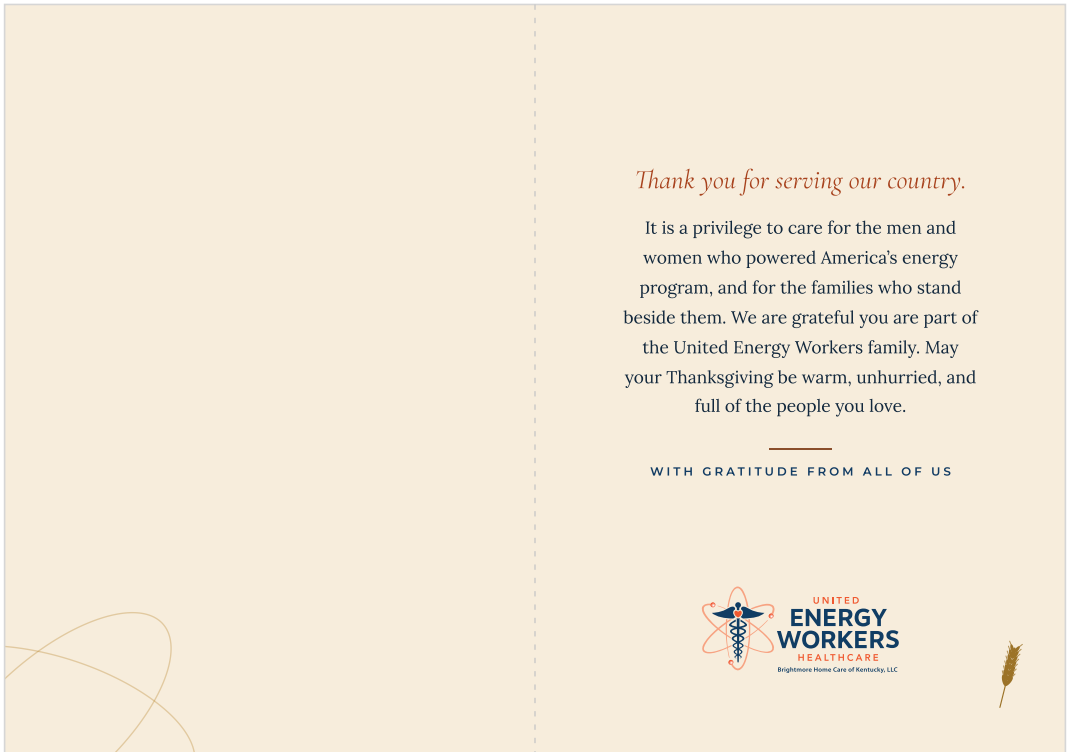

thanksgiving-01-grateful

FRONT COVER

BACK COVER

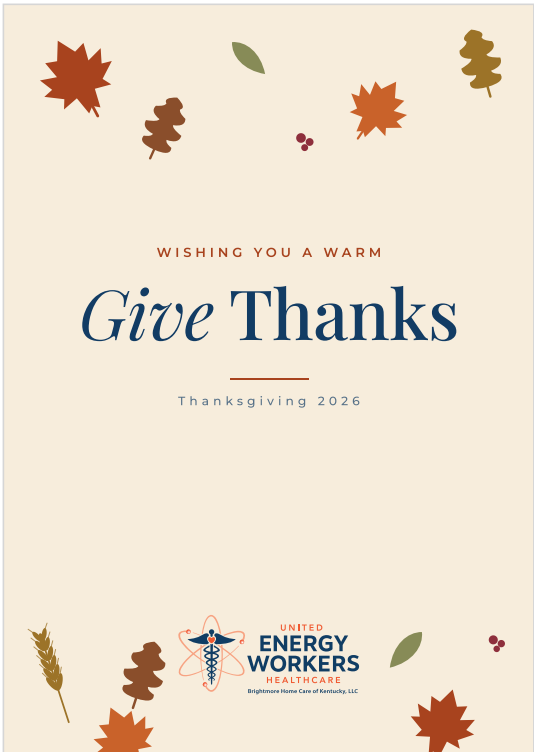

INSIDE · left panel is left blank for a handwritten note

The most formal of the three and the closest sibling to the 2025 card: deep navy, gold script, a harvest crown riding the brand's atom orbits. Reads as a corporate holiday card without feeling cold.

Give Thanks · harvest paper & falling autumn leaves

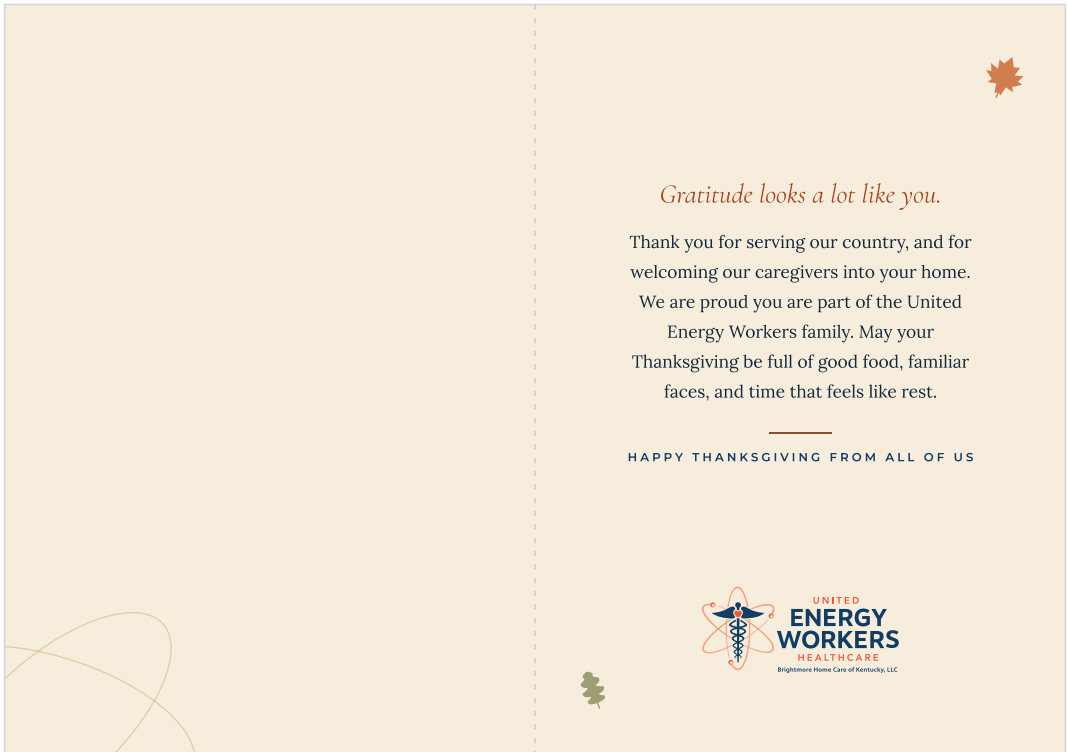

thanksgiving-02-give-thanks

FRONT COVER

BACK COVER

INSIDE · left panel is left blank for a handwritten note

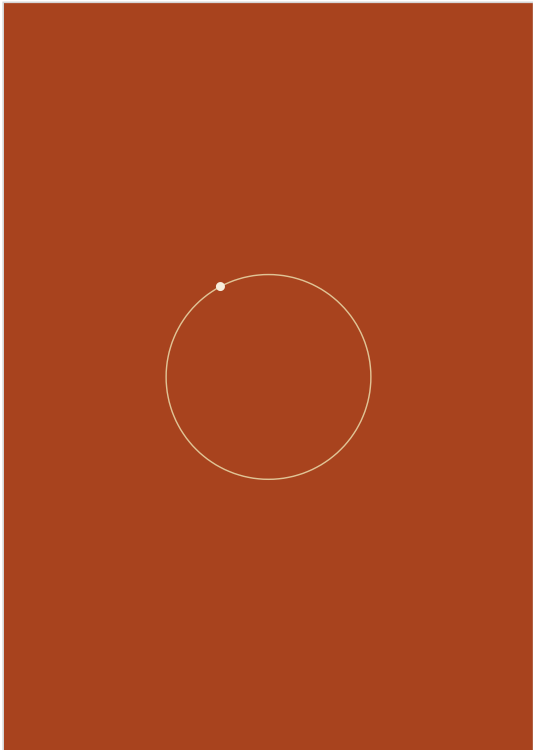

The friendliest of the three. Warm harvest paper, hand-drawn leaves in the full autumn range · rust, chestnut, goldenrod, moss, cranberry · framing navy Playfair. Prints beautifully on uncoated and photographs well for social.

Thankful · burnt rust & cream, editorial

thanksgiving-03-thankful

FRONT COVER

BACK COVER

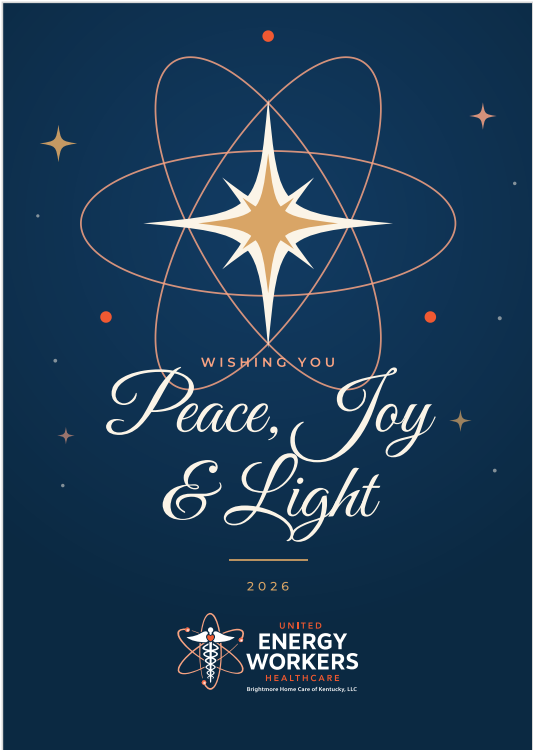

INSIDE · left panel is left blank for a handwritten note

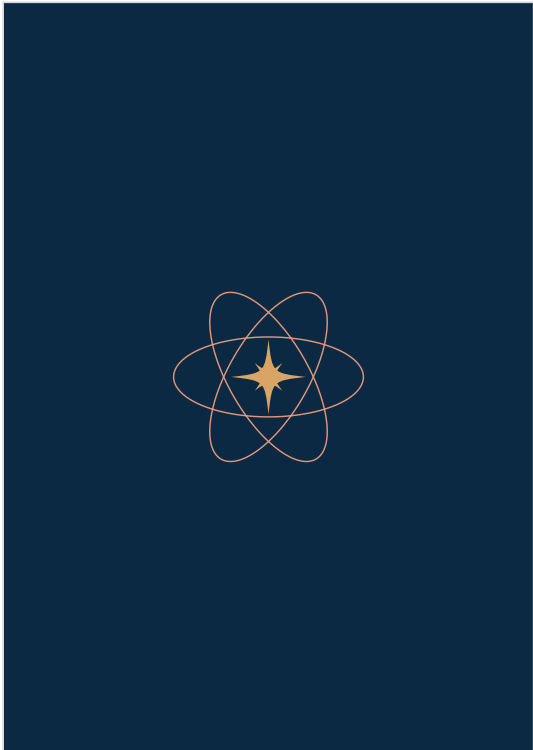

The modern one, and the most unmistakably autumn: a full burnt-rust field with a single engraved word in cream, one amber orbit, one wheat sprig. Rust is the brand coral walked darker, so it reads as UEW rather than as generic harvest. Heaviest ink coverage of the six.

Peace, Joy & Light · navy night, atom star

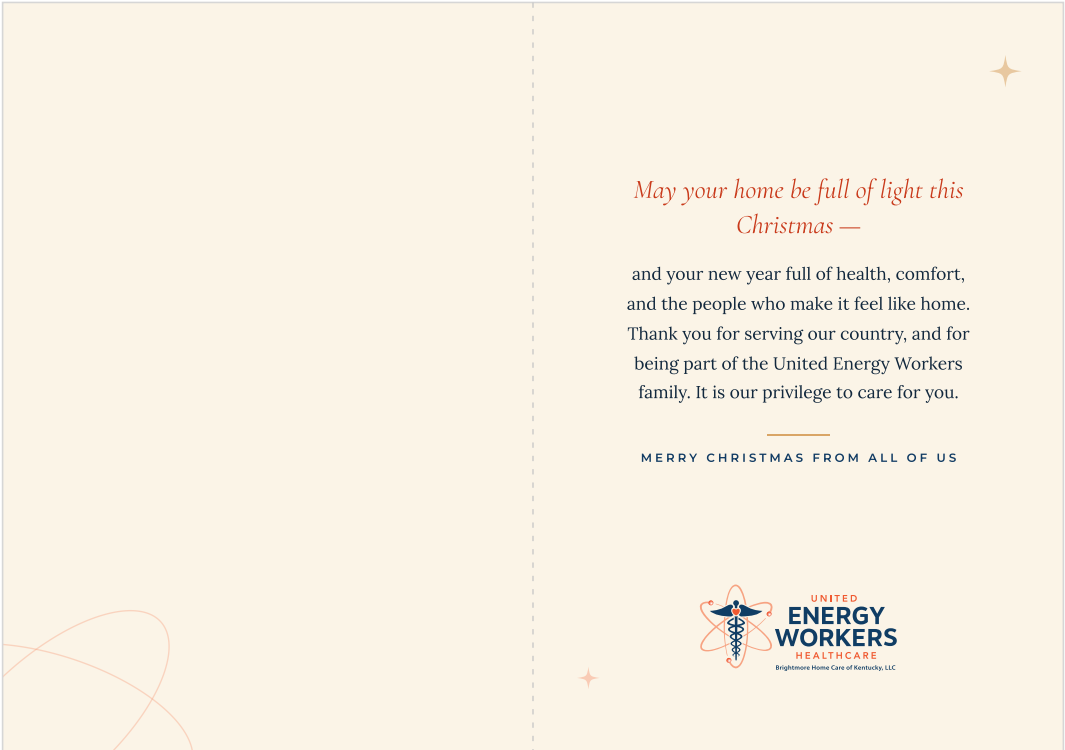

christmas-01-peace-joy-light

FRONT COVER

BACK COVER

INSIDE · left panel is left blank for a handwritten note

The most ownable of the six: the star is built from UEW's own electron orbits, so the ornament
is the brand instead of stock holiday clip art. Deep navy night, gold and cream, big script.
Strongest carry-over from the 2025 card's navy-and-lights mood.

Merry & Bright · ivory & geometric evergreens

christmas-02-merry-and-bright

FRONT COVER

BACK COVER

INSIDE · left panel is left blank for a handwritten note

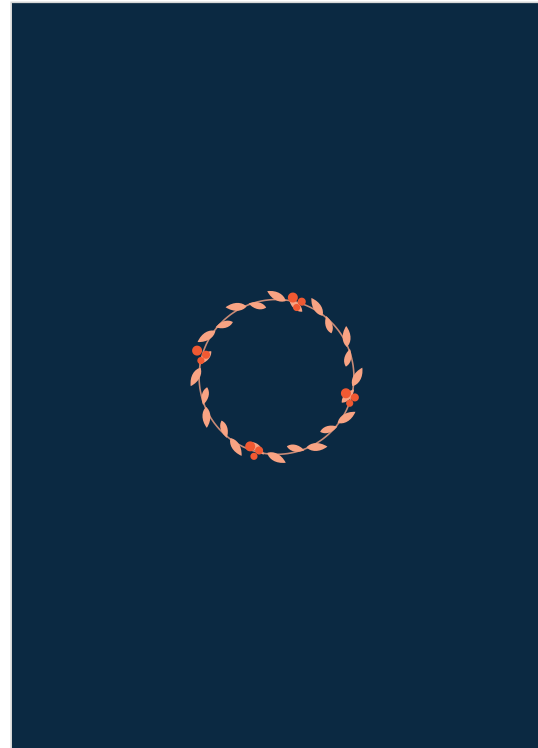

Light, contemporary, and the most family-friendly. A treeline in the two navies with coral trunks, snow in peach. Cheapest to print well (flat colour, no heavy ink coverage) and the easiest to read at arm's length.

Season's Greetings · navy wreath, engraved caps

christmas-03-seasons-greetings

FRONT COVER

BACK COVER

INSIDE · left panel is left blank for a handwritten note

The classic. A fine line wreath on deep navy with engraved Cinzel caps · the safest choice if the list skews traditional or older, and the one that looks most like a card someone keeps on the mantel.
